

Your residence Naab

Welcome to the Naab Residence!

Our residence is located in the Oberpfälzer Seenland, directly on the Naab river and offers an active life with its very central location in the beautiful Schwandorf.

Together and collectively, instead of lonely, this is what distinguishes our house.

Sunny and comfortable apartments with balcony or terrace, the residents' community and the service offered by the residence provide an independent life in joy and conviviality. Let yourself be spoiled by the offers of the residence, such as hairdresser, library, dance tea or movie theatre.

We offer 126 care places for every level of care. You have the choice between a single or a double room.

The Naab Residence offers you a self-determined life with privacy and is also there for you, if you need support and care.

Whether permanent, short-term or preventive care; with us, the residents are in good hands.

In our menu bar (right on the top) you will find on the following pages the most important information to get an overview of our facilities, residents, employees and services.

Questions, which you or your relatives surely have before entering a senior or nursing facility, will be answered personally by our residence consultant, Mrs. Sandra Kellner.
