

## **Your residence Atrium am Wall**

The residence Atrium am Wall is a fully-fledged nursing facility for older people in need of care in the beautiful, quiet Wildeshausen, where the residents are lovingly and thoughtfully looked after.

The residence stands out due to its excellent location with direct access to the Wall promenade and the close proximity to the centre and city park.

Another special feature are the one or two-room apartments with bathroom and kitchen, in which a self-determined life with privacy can be sustained.

In our menu bar (right on the top) you will find on the following pages the most important information to get an overview of our facilities, our residents, employees and services.

Questions which you or your relatives certainly have before moving into a senior citizen and care facility, will be gladly answered by us personally.
